Additional Questions

(1) Please describe the specific areas of health law that your practice entails (attach additional pages if necessary).

(2) If you are currently in private practice, have you ever practiced health law in the public sector? (For example, were you a prosecutor who has switched to a law firm?) In the alternative, if you currently work in the public sector, have you ever practiced health law in the private sector? If so, please describe your career trajectory, what you did at your prior job, and how many years you were in that position before switching. *[This will help mentees who perhaps request guidance as to the differences between the private versus public sector.]*

(3) Are you currently a Florida Bar Health Law Section Member?

(4) Are you currently a member of any other Florida Bar Section? If so, please list below.

(5) Do you have any preference as to whether you would rather mentor a current law student or a licensed, young lawyer?
